## **Procedure**

### **Procedure type**

Direct award

### **Direct award justification**

Additional or repeat goods, services or works - extension or partial replacement

Due to an internal restructure (involving the insourcing of essential services from an outsourced supplier), which has involved the novation of agreements the decision was made to extend the online course booking services currently provided by OneAdvanced for a further period of 12 months. This is to allow the new team adequate time to fully review and define our requirements across the entire business and procure a robust and fully integrated solution to meet and address the future needs of the business through a competitive process.
