The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The Cardiff & Vale University Local Health Board Capital and Estates department wish to inform the market that they intend to award a contract for a two year period to Cardiff Bus in order to provide an on-going free of charge Park and Ride service across the two estates (University Hospital of Wales (UHW) and University Hospital Llandough (UHL)). The two main hospital sites have been (and continue to be) developed considerably in recent times and the increase in volumes of patients, staff, students and visitors has resulted in difficult parking conditions, increased traffic congestion and emissions for all. This has negatively impacted upon the patient experience and services offered. The Health Board hope to invest in a significant and ambitious sustainable travel plan that would not only ease the current situation but ultimately promote the health and wellbeing of staff via more eco-friendly modes of transport and improve the air quality for all across the Cardiff and Vale area with less motor vehicles parking and using the roads on and around UHB sites. The Health Board requires this service to support the Welsh Government with its free hospital parking policy in conjunction with the Health Board's Sustainable Travel Plan and Car Parking Strategy. A review of the effectiveness of the current service has taken place by the Capital, Estates and Facilities Department to determine if the frequency and need of the service was required going forward and it has concluded that the service is needed in its current format.
