two.2.4) Description of the procurementII.2.4) Description of the procurement

The works are part of the structural maintenance programme for Gloucestershire County Council and will be ordered by Task Order for each individual package/scheme. Works to consist of structural repairs to the County Network including planing off existing surfaces and replacement to the various depths and layers required by the design of each scheme.

Works will include temporary traffic management, site clearance, adjustment to ironworks, minor earthworks, surfacing, ancillary kerbing and footways, road marks and testing. The works will be located across the County. The extent of the works will vary and no guarantee of scheme size of annual spend can be given.

We are following a 1 stage process using the Open Procedure. Contract form will be the NEC4 Term Service Contract as amended in accordance with the procurement documents.

The estimated £80m value of the proposed Structural Maintenance Contract is £40m over the initial 2 year term and a further £40m over the optional 2 year extension period. For Contract Notice purposes, the contract value range is based on predicted budgets over the full term of the contract. The values also include contingency to account for inflation, potential one-off funding bids, DfT awards and other unknown possible increases in capital funding over the contracted period.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Lowest offer: £1 / Highest offer: £80,000,000 taken into consideration
