II.1.4) Short description

For the avoidance of doubt this is not a Call for Competition, this is to initiate a Market Engagement process.

Staffordshire County Council is committed to working alongside Providers of all Community-Based Opportunities for Older People & Physical Disability and the VCSE sector to support and empower our communities. The Council therefore wish to meet with Providers to informally talk about:

- current Day Care Services and Community-Based Opportunities in each district locality scoping need and gaps in service provision in each district locality
- identifying what aspirations you have for future service delivery.

The main purpose of this Market Engagement is to consider how Day Care Services and Community-Based Opportunities for Older People & Physical Disability across Staffordshire can continue to be best provided in terms of :-

- geographical breakdown, to ensure appropriate service coverage
- improved choice of Services on offer and accessibility to Individuals.

This is a great opportunity for the Council, Providers and VCSE to work together to look at how we can:-

- Build capacity in communities to support future service delivery and shape the vision for the future service
- Improve and maintain individuals' health and well-being through increased independence, choice, control, dignity and quality of life.
- Promote independence and enable individuals to become an active member of society and the community.
- Address needs of the younger adult cohort for both high complex and lower level physical disabilities
- Recognise and deliver the needs of a community.

Meetings will take place with Providers during June/July 2022.

If you are interested in attending either a face to face meeting or via Teams please confirm your preference via email to
