Question Scoring Methodology for Award Criteria outlined in invitation to tender:

0 — Unacceptable. Nil or inadequate response. Fails to demonstrate an ability to meet the requirement.

1 — Poor. Response is partially relevant but generally poor. The response addresses some elements of the

requirement but contains insufficient/limited detail or explanation to demonstrate how the requirement will be

fulfilled.

2 — Acceptable. Response is relevant and acceptable. The response addresses a broad understanding of the

requirement but may lack details on how the requirement will be fulfilled in certain areas.

3 — Good. Response is relevant and good. The response is sufficiently detailed to demonstrate a good

understanding and provides details on how the requirements will be fulfilled.

4 — Excellent. Response is completely relevant and excellent overall.

Bidders must complete the SPD (Scotland) to demonstrate adherence to the Exclusion and Selection Criteria

for this procurement.

If there are named subcontractors/technicians upon which the bidder will rely to meet the selection criteria, these named parties must

complete and reattach the SPD Supplier Response Form attached to SPD

questions 2C.1.1 (Technicians) and 2D.1.2 (Subcontractors) on PCS-T. These parties must complete the first three sections of the SPD

form, as well as any part of the section 4 selection criteria that the main bidder will rely upon the parties to fulfil. If parties have not yet

been identified, this information may be required at a later

date. Scottish Government reserves the right to request this information from relevant parties upon whom the

main bidder will not rely to fulfil selection criteria.

4C.10 Bidders will be required to confirm whether they intend to sub-contract and if so, for what proportion of the

contract.

The buyer is using PCS-Tender to conduct this ITT exercise. The Project code is 22685. For more information see:

A summary of the expected community benefits has been provided as follows:

Community Benefits will be a scored Evaluation Criteria

SGPT Community Benefits Guidance - June 2021

The tenderer must provide a Community Benefits proposal that is relevant to the subject matter of this contract and supports the Scottish

Ministers' commitment to contributing to the social, economic & environmental well-being

of the people of Scotland, as described in the specification.

Tenderers should not provide details of any existing initiatives they already undertake as part of their day-to-day business and the

community benefits proposed must be generated specifically for and as a result of this contract.

Good answers will demonstrate to evaluators that the tenderer has a comprehensive understanding of the subject matter of this contract and

how the proposed benefits will reflect the national outcomes described in the Specification.

Proposals can be innovative but must be tangible and measurable, so that they can be monitored and reported throughout the contract.
