Section VI. Complementary information

VI.3) Additional information

The British Business Bank (“BBB”) is 100% Government owned, but independently managed. It brings expertise and Government money to the smaller business finance markets. BBB does not lend or invest directly, instead it works with over 130 partners such as banks, leasing companies, venture capital funds and web-based platforms. Businesses apply for finance through its partners who can lend and invest more, especially to younger and faster growing companies. The Start-Up Loans Company (the Authority) is a wholly owned subsidiary of BBB and its purpose is to make business ownership a viable career for individuals who struggle to raise finance, by providing Loans and support to help these individuals with new or early stage businesses.
