### Scope

### Reference

W184849

### Description

The current contract has been in place with Radiometer since 2016 and extended with expiry at the end of March 2025. It is now requires an urgent renewal for service support to continue for another 12 months.

The devices are specialist equipment and no other supplier can support these, other than Radiometer, due to training and competency. Radiometer also supply the bespoke software, Aquire, which we have installed and hold licences for to allow remote access to the analysers.
