The contractor/concessionaire is an SME

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The previous VEAT 2022/S 000-010142 issued on 15 April 2022 extended this contract until 31 May 2023 with an option for the EANI to extend, at its sole discretion, until 30 September 2023. This option has not been exercised. Instead, this notice shall extend the contract until 31 May 2024 with the further option for EANI, in its absolute discretion, terminate the contract by providing the contractor with written notice of its intention to terminate the contract. The total value of the extension is £4,000,000 GBP.

# VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

It has become necessary to extend the contract until 31 May 2024 to facilitate the development and design of a new procurement. Modification value is GBP 4 000 000 which does not exceed 50 % of original contract value. The EANI shall have, at its absolute discretion, the ability to terminate the contract by giving the contractor written notice of its intention to terminate. To secure continuity, the provisions of the contract as referenced in VEAT 2021/S 105-278052 remain.

Regulation 72(1) (b) further permits this extension as a change of provider:

- (i) cannot be made for economic and technical reasons for reasons of interchangeability and interoperability with the initial procurement; and
- (ii) would cause significant inconvenience or substantial duplication of costs.

EANI envisages new contract award by 31/05/24.
