This is a prior information notice of an upcoming procurement process for London Diabetic Eye Screening Programme (DESP) procurement. The NHS England London, Public Health Screening team, are currently preparing for the undertaking of the DESP re procurement 2023/24. The aim of the DESP is to reduce the risk of sight loss among people living with diabetes.

Commissioners are seeking feedback from interested organisations in the form of completed Market Engagement Questionnaires (MEQ).

The five intended lots are:

- North West London (NWL) - Boroughs included - Hillingdon, Hammersmith and Fulham, Kensington, Chelsea and Westminster, Ealing, Hounslow, Brent and Harrow
- North Central London (NCL) - Boroughs included - Barnet, Enfield, Haringey, Islington and Camden
- North East London (NEL) - Boroughs included - The City and Hackney, Waltham Forest, Newham, Tower Hamlets, Barking and Dagenham, Havering and Redbridge
- South East London (SEL) - Boroughs included - Lambeth, Southwark, Lewisham, Bexley, Bromley and Greenwich
- South West London (SWL) Boroughs included - Sutton and Merton, Wandsworth, Richmond and Twickenham, Croydon and Kingston

People living with diabetes aged 12 and over are invited at least annually for routine retinal screening and more frequently for enhanced surveillance where required. Across London the DESP services are delivered from community clinics and health centres as near as possible to patients' home and/or GP. Delivery of the programme includes identification of those registered with GP with a diagnosis of diabetes via data extraction (via GP2DRS), invitation and provision of retinal screening, ongoing management of surveillance, onward referral pathways with screen detected of those who may require urgent or routine assessment and treatment.

The scope and delivery of the service is detailed in the DESP National Service Specification No 22 (NHS public health functions agreement 2019-20 ([england.nhs.uk](https://www.england.nhs.uk))). In London, five provider organisations are commissioned by NHS England (NHSE) to deliver Diabetic Eye Screening to a population of approximately 500,000 people living with diabetes.

Interested organisation must express an interest via the Pro-contract e-tendering portal. Bidders need to register on Pro-contract if they are not registered already. This can be done by clicking the below link.
