## **Award criteria**

Name	Description	Type	Weighting
Commercial	Each Participant's total Price cost will be compared against the lowest cost submitted. This allows the Authority to calculate the percentage of marks to be awarded and this percentage is then applied to the total number of marks available for pricing [60 %]. Each response will be compared to the lowest total price or percentage as indicated in the following formula: Score = [[Lowest Price in £/Participant's Price in £] x price weighting]. Results will be rounded to 2 decimal places.		60%

Name	Description	Type	Weighting
Technical	<p>Participants must submit a single response to each of the questions listed in the Technical Questionnaire document. For each question, only the information provided specifically within that specific single question will be considered in evaluating the answer to that particular question. The Technical Section will be scored by an evaluation panel made up of relevant officers using a pre-defined scoring methodology. The weightings allocated to each criterion will be applied to the relevant score to produce a weighted score. The aggregate weighted score will then be calculated.</p>	Quality	40%
