General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

NAC/5035 Supply of Architectural and Lead Designer Services for Ardrossan Community Campus

II.1.2) Main CPV code

- 71200000 - Architectural and related services

II.1.3) Type of contract

Services

II.1.4) Short description

A lead designer/architect is required to develop design proposals for the new Ardrossan

Community Campus. This is to be a highly energy efficient building and will be required to meet challenging energy requirements. The successful supplier must appoint an appropriate design team to support their activities and deliver the brief.

Due to the complexity of the project, the intention of the tender process is to select a design partner rather than determine the finalised design for the new campus. This will allow necessary consultation and engagement to take place with all internal and external stakeholders such as pupils/parents, local community groups, local residents, sports clubs etc to prepare a comprehensive list of requirements for the project and to ensure functional, aesthetics and financial aspects are appropriately developed.

Existing traffic consultants SWECO and environmental consultants EnviroCentre will be part of the above design team, as they have considerable prior experience of the site and its conditions which we wish to transfer into new team.

This tender is using the Restricted Process. This is a two-stage procedure. The first stage is a selection process where bidders capability, capacity and experience to perform the contract is assessed via the ESPD. A shortlist of bidders will be identified from these responses.

The Invitation to Tender will be issued at the second stage. Only bidders who are shortlisted in stage one will be invited to submit a tender. These bids will be assessed to determine the most economically advantageous tender.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £580,000

II.2) Description

II.2.2) Additional CPV code(s)
