## **II.2.4) Description of the procurement**

The successful contractor will be required to provide all routine maintenance, incident response, defect rectification and severe weather delivery on the all-purpose trunk roads and motorways within Hampshire, Surrey, Berkshire, Oxfordshire, part of Dorset and part of Buckinghamshire, not including the M25, (Highways England Area 3). Duties will also include maintenance of roadside technology, the provision of traffic management for the contractor's maintenance and incident response activities (including traffic management for others), where instructed by Highways England and the maintenance of depots. Under the Construction (Design and Management) Regulations 2015 the contractor will be Principal Contractor for all work they undertake and where/if instructed otherwise by Highways England.

Highways England may consider amending the duties listed above as appropriate during the contract period.

The Service Period for the Maintenance and Response contract is for a duration of 8 years, and the successful provider will be expected to operate collaboratively with other service providers and stakeholders in order to achieve Highways England's objectives.
