Babcock Land Defence Limited, acting as agent for the UK Ministry of Defence, intends to place a three (3) year contract which will include three (3) one (1) year extension options; making a maximum potential contract duration of six (6) years for The Repair and Provision of Output Specifications for Small Engines and Ancillaries.

The MoD are driving to improve the quality of equipment and platform data they hold. For this contract, we are asking industry to develop output specification for the NSN's

contained within this requirement.

An output specification is a qualitative specification, detailing the NSN's high-level functional and physical performance characteristics, test and inspection criteria and permissible tolerances following in-depth repair activities.

An Output Specification is not to be construed as a repair specification; which would detail how the Contractor Deliverable is to be repaired.

For further detail, please see the slide pack attached to the PQQ.

Prospective contractors are required to hold Quality Management System certification to ISO 9001:2015 or suitable alternative, with the appropriate scope to deliver contract requirements, issued by a Nationally Accredited Certification Body. You will be required to provide a copy of the certificate(s) as directed by any Dynamic Pre-Qualification Questionnaire (DPQQ) or Invitation to Tender (ITT) associated with this Notice, and in any event, the winning supplier will be required to provide it for review prior to contract award.
