II.1.5) Short description of the contract or purchase(s)

Babcock Land Defence Limited, acting as agent for the UK Ministry of Defence, intends to place a seven (7) year contract for the Repair of Various HVAC Units, Charge Air Coolers and Associated Items including the Provision of Output Specifications.

The MoD are driving to improve the quality of equipment and platform data they hold. For this contract, we are asking industry to develop output specifications for the NSN's contained within this requirement.

An output specification is a qualitative specification, detailing the NSN's high-level functional and physical performance characteristics, test and inspection criteria and permissible tolerances following in-depth repair activities. An Output Specification is not to be construed as a repair specification; which would detail how the Contractor Deliverable is to be repaired.

For further detail, please see the slide pack attached to the PQQ.

Prospective contractors are required to hold Quality Management System certification to ISO 9001:2015 or suitable alternative, with the appropriate scope to deliver contract requirements, issued by a Nationally Accredited Certification Body. You will be required to provide a copy of the certificate(s) as directed by any Dynamic Pre-Qualification Questionnaire (DPQQ) or Invitation to Tender (ITT) associated with this Notice, and in any event, the winning supplier will be required to provide it for review prior to contract award.

II.1.6) Common procurement vocabulary (CPV)

- 50600000 - Repair and maintenance services of security and defence materials

II.1.7) Information about subcontracting

The tenderer has to indicate in the tender any share of the contract it may intend to subcontract to third parties and any proposed subcontractor, as well as the subject-matter of the subcontracts for which they are proposed

The tenderer has to indicate any change occurring at the level of subcontractors during the execution of the contract

The contracting authority/entity may oblige the successful tenderer to award all or certain subcontracts

The successful tenderer is obliged to specify which part or parts of the contract it intends to subcontract beyond the required percentage and to indicate the subcontractors already identified

II.1.8) Lots

This contract is divided into lots: Yes

Tenders may be submitted for one or more lots

II.2) Quantity or scope of the contract
