On 2.4.2014 Government introduced its Government Security Classifications (GSC) scheme which replaced

Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security

classifications used. All bidders should make themselves aware of the changes as it may impact this

requirement. This link provides information on the GSC at:

https://www.gov.uk/government/publications/government-security-classifications

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling

personal information or provide certain ICT products/services. Government is taking steps

to reduce the

levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines

a set of controls which, when implemented, will provide organisations with basic protection from the

most prevalent forms of threat coming from the internet. To participate in this procurement, bidders must

be able to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for

services under and in connection with this procurement.

PLEASE NOTE:

All certificates issued prior to 1 April 2020 or before 30 June 2020 on the existing scheme are valid until

30 June 2021. This includes those issued by Accreditation Bodies other than IASME.

On 30 June 2021, any certificate issued under the old scheme will expire.

Refer to https://www.ncsc.gov.uk/information/cyber-essentials-fags for more information.

Registering for access:

This procurement will be managed electronically via the eSourcing suite. This will be the route for sharing

all information and communicating with bidders. If you have recently registered on the eSourcing suite for

another CCS procurement you can use the same account for this new procurement. If not, you will first

need to register your organisation on the portal.
