II.2.4) Description of the procurement

The current proposal is to award to Mountbatten Hampshire, for a period of 5 years commencing 1st April 2023 with the option to extend for a further 3 x 1 year periods.

Mountbatten Hampshire has been a local provider of hospice care in Southampton for nearly 45 years and has been the commissioned charitable provider of end of life and palliative care across Southampton City and South West Hampshire since 2019.

Mountbatten has vast experience and reliable track record of providing a holistic approach to end of life care supporting and benefiting people before and after death, in a place and time when it is needed most.

Since beginning the contract period in 2019, Mountbatten Hampshire have been providing a highly valuable service, delivering good quality patient care with good outcomes for local people. This was demonstrated and evidenced in the recent service review carried out by Commissioners.

The service has demonstrated a flexible and adaptable approach, particularly during the COVID19 pandemic. They are working to a Service Development & Improvement Plan (SDIP) which is growing and developing the service to meet the needs of the local population who are in need of end of life services. Patient and referrer feedback is positive. The service was also recently rated as 'good' in the 2021 CQC inspection.

The development of nurse led respite beds has also been a successful implementation in

2022.

The 24/7 rapid response for the community was implemented in 2021 and again provides greater support and comfort to families caring for their loved ones in their final days, whilst also taking pressure off of the wider system.

Please log in to the InTend portal (project reference F15663) to access the full explanation and service specification.
