? 1 screening interview, plus travel time

? 2-3 solicitors' appointments (these currently take approximately 1.5-2 days with solicitors based in Luton, Northampton and Peterborough).

? Attendance at initial health appointments, as required.

? Support the young person to set up a credit union account.

? Attending interviews (as requested by the Social Worker). There may be instances where Providers are not required to support the young person to attend interviews as the Social Worker can attend, but the Provider must have staffing capacity to attend planned interviews with the Young Person.

? Age Assessments – An initial age assessment will be completed to inform the decision

of whether or not to accommodate the Young Person, and this will have been completed under the national transfer scheme. A Merton Age Assessment will likely not have been completed at the time the young person is referred to the provider. It is the Local Authority's responsibility to organise the Merton Age Assessment. Providers should escort the young person to the Merton Assessment venue, ensure that they have eaten beforehand and that they attend with a drink or snack.

The provider will need to support the young person to engage with the local community to enable them to build relationships and friendships and to feel part of the community.

Issues identified by the Provider, including staff perceiving issues with young people not wanting to integrate and potential segregation issues, and any health issues will be discussed with the social worker and are to be highlighted in support plans.

The primary aim is to ensure each young person is enabled to feel safe and able to adapt to their new home, feel happy and settled, and are also supported to integrate.
