## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Contract Notice: Procurement for the Design, Supply, Installation and Commissioning of Hydrogen Equipment for the Purpose of Production, Compression, Storage and Dispensation of Hydrogen Fuel (“Hydrogen Technology Package”)

#### **II.1.2) Main CPV code**

- 42113390 - Fuel-gas systems

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

bp Aberdeen Hydrogen Energy Limited (bpAHEL) is a Joint Venture (JV) between bp and Aberdeen City Council (ACC), secured through a public procurement process. The JV has been created with the purpose of delivering a scalable green hydrogen production, storage and distribution facility in the city powered by renewable energy. The facility is targeting manufacture and dispensing of between 770 kilograms (min.) and 1000 kilograms (peak) of green hydrogen per day – enough to fuel 25 buses and a range of other fleet vehicles.

This contract notice relates to the following scope of work:

Optimised and integrated design, supply, installation, testing and commissioning of the following, to produce and dispense the required volume and rates, at the required quality, of hydrogen per day:

- Hydrogen electrolyser and associated power unit
- Ancillary package equipment (i.e., compression, conditioning, storage, as required)
- Refueling/dispensing hub for vehicles
- Interconnections between supplied packages including pipework, cabling etc.
- Control Alarms and Safety Instrumented Systems (SIS), Fire & Gas, Emergency Shutdown etc., as per referenced control philosophy and as vendor deems necessary. (Capable of being

integrated into a wider site SCADA system.)

- Clearly defining any utility requirements (power/water) and working with others to ensure seamless integration.

- Allowance for hydrogen import facilities

### **II.1.6) Information about lots**

This contract is divided into lots: No

## **II.2) Description**

### **II.2.2) Additional CPV code(s)**

- 24111600 - Hydrogen
- 71330000 - Miscellaneous engineering services
- 65400000 - Other sources of energy supplies and distribution
- 71300000 - Engineering services
- 71320000 - Engineering design services
- 51100000 - Installation services of electrical and mechanical equipment

### **II.2.3) Place of performance**

NUTS codes

- UKM50 - Aberdeen City and Aberdeenshire

### **II.2.4) Description of the procurement**

bpAHEL intend to conduct a procurement for the provision of the required hydrogen technology (electrolyser unit, and compression, storage and dispensation equipment), with the aim of first hydrogen fuel being produced from the 3rd Quarter 2024.

An output-based specification has been developed, and a vendor led solution is sought. Contractors are to propose a scheme to meet the key functional metrics of the project utilising existing technology and based upon a supplier standardised solution (where appropriate), within a safe, reliable, and operable system.

The Contractor will be responsible for the finalised design, specification, supply, installation, testing and commissioning of the hydrogen equipment within the proposed project scope, and will provide and undertake the following activities within the scope of supply:

- Design & Engineering of the scheme as a “system” including technical safety, process, mechanical, piping, structural, control, automation & instrumentation
- Project management
- Project controls including estimating, scheduling, cost, risk and performance management and reporting
- HSEQ management systems, including Design and Construction under the CDM legislation
- Attendance and facilitation of reviews including design, scheme, constructability, operations & maintenance, logistics, etc.
- The system should be provided with its own local control & automation whilst being capable of integration to a wider SCADA system including external signalling for remote control and monitoring
- Interface management and liaising with other contractors to ensure design is integrated to overall project
- Procurement & manufacturing
- Offsite fabrication, manufacturing, assembly, and Factory Acceptance Testing (FAT)
- Transport, logistics and shipping from factory to a site in Aberdeen
- Offloading, unloading & final positioning
- On site installation, testing, completions & commissioning
- Records from design through procurement to construction & commissioning
- Start-up & performance trials to ensure system meets functional specification
- Operation procedures & maintenance manuals
- Training and demonstration of the system
- Liaise with the Client throughout the project's lifecycle and obtain approval on technical deliverables including, but not limited to calculations, drawings, technical notes, inspection

and test plans etc.

To respond to this Contract Notice please go to the following web address:

<https://turnerandtownsend.bravosolution.com> (the eTender system) and click on the 'Register' button. Once registered, please contact Chris Gough ([chris.gough@turntown.co.uk](mailto:chris.gough@turntown.co.uk)) and Sam Munro ([sam.munro@turntown.co.uk](mailto:sam.munro@turntown.co.uk)) to request access to all related documents.

All further communications, including clarification questions should be via the eTender messaging system.

### **II.2.5) Award criteria**

Quality criterion - Name: Functional / Weighting: 35

Quality criterion - Name: Package / Weighting: 15

Quality criterion - Name: Health, Safety, Environment and Quality / Weighting: 20

Price - Weighting: 30

### **II.2.11) Information about options**

Options: Yes

Description of options

Options are described within the Project Brief

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

### **II.2.14) Additional information**

To respond to this Contract Notice please go to the following web address:

<https://turnerandtownsend.bravosolution.com> (the eTender system) and click on the 'Register' button. Once registered, please contact Chris Gough ([chris.gough@turntown.co.uk](mailto:chris.gough@turntown.co.uk)) and Sam Munro ([sam.munro@turntown.co.uk](mailto:sam.munro@turntown.co.uk)) to request access to all related documents.

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Open procedure

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: Yes

### **IV.2) Administrative information**

#### **IV.2.1) Previous publication concerning this procedure**

Notice number: [2023/S 000-004438](#)

---

## **Section V. Award of contract**

### **Contract No**

N/a

A contract/lot is awarded: No

### **V.1) Information on non-award**

The contract/lot is not awarded

Other reasons (discontinuation of procedure)
