II.2.4) Description of the procurement

First Rail Holdings (FRH) in conjunction with Great Western Railway (GWR) are seeking to contract with a new FM provider in the delivery of their Planned and Reactive Electrical, Mechanical & Building Fabric works. This procurement process is being led by FRH, with any subsequent award being directly between the FM Provider and GWR.

FRH and our TOCs aspire to lead the way in how we deliver this type of service provision to our Stakeholders, that being either our internal stakeholders at our stations and ultimately our external stakeholders being our paying customers.

We are seeking to contract with an FM Provider which will enable FRH and GWR deliver on these values into the future and to grow with our Franchises and our journey into Asset Management. Each one of our Train Operating Companies (TOCs) hold Certification for ISO55001 in Asset Management, and as the FM Provider, the works being delivered underpin the success and future development of this Standard.

The contact will be in place for a period of up to 4 years as follows:

- An initial 1-year term, followed by up to 3 years extension in 12 month periods.

The estimated value of this procurement over the full 4-year period is in the region of £25,000,000.

GWR intend to use a standard industry FM contract for this procurement, similar to that of an NEC contract with tailored Z clauses.

Please note that TUPE will apply to this procurement.

The scope of services included under this tender include:

1. Planned Preventative Maintenance
2. Statutory and Mandatory Inspections & Maintenance
3. Reactive Maintenance and Emergency Maintenance
