II.1.4) Short description

This DPS is intended to be a platform to lower the barriers of entry and encourage VCSE's (Voluntary, Charitable and Social Enterprises) and similar organisations such as Sheltered Workshops (organisations employing disadvantaged workers) to tender for smaller and lower value goods, services and works in and outside of the wider public sector, where specific requirements and non-core work is required. There are real challenges in enabling social value to be applied effectively primarily because organisations have conflicting pressures on delivery, risk, scale and cost management which vary.

Orbit is passionate about building communities and investing in our communities. It is hoped that the growth of social suppliers is increased by working with Orbit and similar organisations across the housing and wider public and private sectors. There is an increasing desire to buy from VCSE's and this desire is being driven by organisational ESG (Environmental, Social and Governance) approaches, a generational shift in expectations along with the direction of travel of government led initiatives such as PPN's 0620 and 1120, the industrial and civil society strategies and the Social Value Act.
