Following on from a number of clarification questions that have been raised in regards to the available funding envelope, a full review has taken place between procurement and the commissioners and therefore the funding envelope has been increased by £50,000 per annum.

The total funding envelope available for the full duration of the contract (including extension options) is now £1,235,000.

Due to this change, the tender response deadline has been extended to 12 noon on 18th May 2023 and the clarification period has been extended to 12 noon on 11th May 2023. This is to allow bidders sufficient time to complete their responses.
