Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed

below

- The procurement falls outside the scope of application of the regulations

Explanation:

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. The publication of this notice marks the start of the standstill period.

Representations by providers must be made to decision makers by Midnight on the 1st May 2024 (8 working days following publication of intention to award notice). They should be submitted in writing to procurement@snee.nhs.uk.

This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR.

Award decision makers: NHS Suffolk and North East Essex Executive Committee.

No conflicts of interest, or potential conflicts of interest, were declared by any decision makers.

SNEE ICB are assured that the provider is delivering value to the integrated care system and the cost of change would not be outweighed by the potential benefit of a new provider. The cost envelope for this service has not altered since 2019 and SNEE are assured by Suffolk Mind that they can continue for a further year with the same value (NHS equivalent inflationary uplift included).

Client feedback has been evident and currently fills a gap in provision including assistance in reducing the use of higher acuity services. The current provider has delivered the service satisfactorily for several years, utilises employment of local people and has been sustainable and reliable.
