Award

S&MOCB/8007 Provision of UUV Midlife Capability Upgrade

Ministry of Defence

F15: Voluntary ex ante transparency notice

Notice identifier: 2021/S 000-012734

Procurement identifier (OCID): ocids-h6vhtk-02b92f

Published 7 June 2021, 10:45pm

Section I: Contracting authority/entity

I.1) Name and addresses

Ministry of Defence

Bristol

Contact

Russell Taylor

Email

DESShipsComrcl-SALMO-Multiuser@mod.gov.uk

Country

United Kingdom

NUTS code

UK - United Kingdom

Internet address(es)

Main address

<https://des.mod.uk/>

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

Defence

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

S&MOCB/8007 Provision of UUV Midlife Capability Upgrade

Reference number

701551797 - S&MOCB/8007

II.1.2) Main CPV code

- 35512400 - Unmanned underwater vehicles

II.1.3) Type of contract

Supplies

II.1.4) Short description

Salvage and Marine Operations (SALMO), part of the United Kingdom Ministry of Defence (MOD), intends to award a contract (S&MOCB/8007) to Kongsberg Maritime Ltd ('Kongsberg') for the midlife capability upgrade of the in-service KM9 Unmanned Underwater Vehicle (UUV) capability.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £800,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- NO - Norway

II.2.4) Description of the procurement

Salvage and Marine Operations (SALMO), part of the United Kingdom Ministry of Defence (MOD), intends to award a contract (S&MOCB/8007) to Kongsberg Maritime Ltd ('Kongsberg') for the midlife capability upgrade of the in-service KM9 Unmanned Underwater Vehicle (UUV) capability.

It is considered that this contract can be placed using the negotiated procedure without prior publication of a contract notice pursuant to Regulation 16(a)(ii) of the Defence and Security Public Contract Regulation (DSPCR) 2011 for technical reasons.

The KM9 UUV capability was originally procured from Kongsberg in 2015/16 and Kongsberg has supported it in-service to date. Only Kongsberg holds all the available technical information and equipment (drawings, interfaces, test and calibration specifications/procedures, jigs and tools etc.) necessary to undertake the full mid-life refit of the capability. The KM9 capability has complex internal workings and bespoke hardware and software interfaces. Due to the technical complexity, the MOD considers that another entity would be unable to undertake the refit element without integration difficulties or impact on function due to the technical knowledge required.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- The products involved are manufactured purely for the purpose of research, experiment, study or development
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

Salvage and Marine Operations (SALMO), part of the United Kingdom Ministry of Defence (MOD), intends to award a contract (S&MOCB/8007) to Kongsberg Maritime Ltd ('Kongsberg') for the midlife capability upgrade of the in-service KM9 Unmanned Underwater Vehicle (UUV) capability.

It is considered that this contract can be placed using the negotiated procedure without prior publication of a contract notice pursuant to Regulation 16(a)(ii) of the Defence and Security Public Contract Regulation (DSPCR) 2011 for technical reasons.

The KM9 UUV capability was originally procured from Kongsberg in 2015/16 and Kongsberg has supported it in-service to date. Only Kongsberg holds all the available technical information and equipment (drawings, interfaces, test and calibration specifications/procedures, jigs and tools etc.) necessary to undertake the full mid-life refit of the capability. The KM9 capability has complex internal workings and bespoke hardware and software interfaces. Due to the technical complexity, the MOD considers that another entity would be unable to undertake the refit element without integration difficulties or impact on function due to the technical knowledge required.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

1 January 1900

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

Kongsberg Maritime AS

Strandpromenaden 50

3183 Horton

Country

Norway

NUTS code

- NO - Norway

The contractor/concessionaire is an SME

No

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession: £800,000

V.2.5) Information about subcontracting

The contract/lot/concession is likely to be subcontracted
