The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Lift and Escalator Industry Association (LEIA)

III.1.2) Economic and financial standing

List and brief description of selection criteria

SPT will use Dun and Bradstreet's DBAi financial reporting system to assess the financial stability of bidders. Bidders with a Failure Score of 51 or above on the DBAi system will be deemed to have evidenced satisfactory financial stability. Bidders must confirm within their response to the relevant question within the Qualification Envelope, the value of their D&B Failure Score.

In the event that the bidder does not have a Dun and Bradstreet rating or they consider that the rating has been adversely affected by factors which they can offer mitigating evidence for, we will use the following ratios to evaluate a bidder's financial status. Bidders must confirm within their response to the relevant question within the Qualification Envelope, the name and value of the 3 financial ratios listed below as taken from their own Accounts.

1 Profitability – this is taken as profit after tax but before dividends and minority interests. If a company makes a profit then it is a pass for this ratio;

2 Liquidity – this value is calculated as current assets less stock and work in progress, divided by current liabilities. If the answer is greater than or equal to one then it is a pass for this ratio;

3 Gearing – this value is calculated as the total external secured borrowing (short term and long term) divided by shareholder funds expressed as a percentage. If the answer is less than or equal to 100% it is considered a pass for this ratio.

Where 2 out of the 3 ratios cannot be met, we may then take account of other factors when assessing financial viability and the risk to the organisation, providing that the Bidder can submit acceptable evidence to substantiate any of the mitigating criteria

Minimum level(s) of standards possibly required

Insurances and Liquidated damages as per Terms and Conditions

III.1.3) Technical and professional ability

Minimum level(s) of standards possibly required

Previous contract examples of Lifts and Escalators in last 3 years

Lift and Escalator Industry Association (LEIA)

ISO 9001 or equivalent

ISO 14001 or equivalent

ISO 45001 or equivalent

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

Bidders should note that SPT consider that the Transfer of Undertakings (Protection of Employment) Regulations 2006 (as amended) may apply to the resultant contract.

Bidders should be aware that there are legal duties on the transferor and transferee under TUPE and liabilities on the transferor and transferee for failure to comply with these duties. Bidders should seek their own legal advice in relation to TUPE

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
