## II.2.4) Description of the procurement

Following the evaluation process all companies appointed to one or more of the low rise housing lots 1-4 have been automatically added to the respective superlot.

The superlot can be used for call off opportunities where one of the following criteria applies:

A client does not receive a suitable
 number of responses (either at EOI
 stage or call off tender stage) having

advertised their opportunity through the appropriate lot, value band, and geographical area.

- Where there are insufficient Appointed

Companies in the relevant lot, value

band and geographical area to run the

client's preferred call off procedure.

No ranking will be applied within the

superlot, and call off will be through

mini competition only.

# VI.3) Additional information

LHC Procurement Group Limited is a not for profit central purchasing body acting on behalf of contracting authorities throughout England, Wales and Scotland (including partners of the Scottish Procurement Alliance, Welsh Procurement Alliance and South West Procurement Alliance) for whom we continue to monitor up to 500 live projects at any one time. Thanks to their ongoing and collective feedback and input into the development of this framework and given the reach and scale of their collective portfolios, the framework is both designed and anticipated to support the vast majority of requirements. Consequently, other contracting authorities that were not specifically consulted in the development of this framework may nevertheless also deem the framework to offer a value for money procurement solution for their own requirements and may also use the framework.

As of the date of publication of this notice our frameworks may be used by all contracting authorities in Scotland as defined by the Public Contracts (Scotland) Regulations 2015 and as listed on https://www.scottishprocurement.scot/who-we-work-with/, including, but not limited to Registered social landlords (RSL's), tenant management organisations (TMOs) and arm's length management organisations (ALMOs), local authorities and any subsidiaries and joint-venture vehicles of those local authorities, health authorities, councils, boards and trusts, publicly funded schools, universities and further education establishments, colleges, police forces, fire and rescue services or registered charities.

SPA partners may add community benefit requirements in their call-off contracts from this Framework including but not limited to:

- to generate employment and training opportunities for priority groups;
- vocational training;
- to up-skill the existing workforce;
- equality and diversity initiatives;
- to make sub-contracting opportunities available to SMEs, the third sector and supported businesses;
- supply-chain development activity;
- to build capacity in community organisations;

- educational support initiatives.
