- 72212461 - Analytical or scientific software development services

II.2.3) Place of performance

NUTS codes

- UKI32 - Westminster

II.2.4) Description of the procurement

Crown Prosecution Service (CPS) is inviting suppliers to participate in a market engagement activity for a comprehensive analytical system. This market engagement event is an opportunity for the Authority to engage early with suppliers on emerging requirements for an analytical system and our procurement approach.

The Authority requires a comprehensive analytical system where each element is connected in a single system. We have five areas that our analytical system needs to cover. These are:

1. Forecasting and Budgeting
2. Fees Payment Calculation
3. Payroll Data Reporting

4. Corporate Data Analysis and Reporting (Financial & Non-Financial Information)

5. Resourcing and workforce planning

Our intention is to convene an online engagement event at which the Authority will provide some background to the organisation and our requirements. This will be followed up with a Request for Information Questionnaire which will help to inform the route to market, requirements, and procurement approach.

The event will be held via Teams on Thursday 2nd May at 11:00. The session will be recorded and included with the subsequent procurement ITT pack.

Attendance at or engagement with the market engagement activity is not a prerequisite for participation in a subsequent procurement, nor does it give any advantage in that procurement.

To record your interest in this early market engagement please access the opportunity via the CPS e-sourcing portal:

<https://cps.bravosolution.co.uk/web/login.html>

The project reference is 13547.

If you have not already registered for the CPS e-sourcing portal, please select the “Click here to register!” button to create an account.

Once registered an invite to the event will be shared with the contact provided. This invite will contain the link for the EME event.

II.3) Estimated date of publication of contract notice

22 April 2024

Section IV. Procedure

IV.1) Description
