II.1.5) Short description of the contract or purchase(s)

The Authority has a requirement to procure improved main engine radiators to be used in the power packs of multiple Heavy Armoured Tracked vehicles (including Challenger 2 (CR2), Challenger Armoured Repair and Recovery Vehicle (CRARRV) and Driving Training Tank (DTT)). The radiators are required to ensure the engine and transmission temperatures of the vehicles are kept within the recommended operating ranges by increasing cooling performance.

A total of 596 main engine radiators are required, which must be manufactured to meet the Authority's technical specification and delivered in accordance with a specified delivery schedule. This procurement is a key deliverable of the Heavy Armoured Automotive Improvement Program (HAAIP) and the contract will endure for a period of 10 years to align to HAAIP embodiment. Contract Years 1-3 will be Firm priced with Variation of Price (VOP) applying for the remainder of the contract duration. Further supporting information to this Contract Notice can be found in the guidance document attached to this notice.

In accordance with the DSPCR 2011 Restricted procedure, a Dynamic Pre-Qualification Questionnaire (DPQQ) is being issued alongside this Contract Notice to conduct down-selection based on capability to perform the contract. This can be accessed at the following link <https://contracts.mod.uk/go/530962850179D6934366>. The Authority intends to invite no more than ten (10) suppliers to the bid stage. Please refer to the attached DPQQ guidance document for further supplemental information.

Additionally, all potential tenderers must comply with the Cyber Security requirements for this procurement – which has been assessed as ‘Very Low’. A supplier Assurance Questionnaire (SAQ) must be completed by all participating parties, which can be accessed at the following link using the code RAR- JSXG7992 -
