Reference

C408448

Description

NHS Coventry & Warwickshire ICB in conjunction with NHS Herefordshire & Worcestershire ICB are seeking providers who have the relevant experience and skills to provide an Ophthalmology Co-ordination Service Hub.

The Ophthalmology Coordination Service Hub (OCS) will support the system-wide approach to the management for all non-emergency (routine and urgent) ophthalmology referrals from community Optometry practices across Coventry and Warwickshire. The OCS will provide a single point of access, administering all incoming referrals from community Optometrists, offering patients a choice of providers in accordance with patient

choice regulations, and submitting onward referrals to secondary care (accredited independent sector or NHS provision).

The OCS supports the streamlining of ophthalmology referrals across the ICS, reducing delays to patients being referred from the community to secondary care and freeing up primary care capacity. For every routine and urgent referral, the service will provide patients with choice of access based on the referring condition, supporting patients being seen by the right person, in the right place, the first time.

The service will not undertake clinical triage of incoming referrals.

Total value (estimated)

- £1,536,000 excluding VAT
- £1,843,200 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 July 2026 to 30 June 2028
- Possible extension to 30 June 2030
- 4 years

Description of possible extension:

An extension of up to two years may be granted at the sole discretion of the commissioning organisations. The extension may be granted on one or both lots.
