Section II: Object

II.1) Scope of the procurement

II.1.1) Title

UXO Surveying and Risk Mitigation Services

Reference number

106132

II.1.2) Main CPV code

- 71510000 - Site-investigation services

II.1.3) Type of contract

Services

II.1.4) Short description

Establishment of a framework for UXO surveying and risk mitigation services for NRW and its named partners.

II.1.5) Estimated total value

Value excluding VAT: £500,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 71313410 - Risk or hazard assessment for construction
- 71351500 - Ground investigation services
- 71351720 - Geophysical surveys of archaeological sites

II.2.3) Place of performance

NUTS codes

- UKL - Wales

Main site or place of performance

All of Wales

II.2.4) Description of the procurement

The purpose of the requirement is to establish an efficient procurement route for all of NRW business as usual (BAU) work, strategic projects and NRW's partners named within this notice for UXO surveying and risk mitigation services. NRW is lead beneficiary or project partner in multiple habitat conservation and restoration projects several of which contain areas of UXO risk.

Services may be required on multiple large scale conservation projects across Wales. Sites could be a range of terrains including but not limited to bogs, sand dunes, marshland and will typically be sensitive sites including National Nature reserves, (NNRs), Sites of Special Scientific Interest (SSSIs) or Special Areas of Conservation (SACs).

Typically conservation work will include ground penetration work including erecting fence lines for managed grazing, installation of dip wells and groundworks.

Many sites will be on 3rd party owned land and may have challenging access and other site constraints.

A range of techniques will have to be employed in surveying including but not limited to drones, hand held magnetometers, peat probes.

Due to the nature of UXO surveying it is difficult for NRW to estimate the value of this framework. For the purposes of establishing this framework we estimate spend in a range of 100,000GBP and 500,000GBP. NRW does not guarantee any level of expenditure under this framework.

Participating Organisations are:

Natural Resources Wales

Brecon Beacons National Park Authority

Snowdonia National Park Authority

Pembrokeshire Coast National Park Authority

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £500,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: Yes

Identification of the project

LIFEquake LIFE20 NAT/UK/000137

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 2

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

22 May 2024

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English, Welsh

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

22 May 2024

Local time

2:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

NOTE: The authority is using eTenderwales to carry out this procurement process. To obtain further information record your interest on Sell2Wales at

https://www.sell2wales.gov.wales/search/search_switch.aspx?ID=140777

Under the terms of this contract the successful supplier(s) will be required to deliver Community Benefits in support of the authority's economic and social objectives.

Accordingly, contract performance conditions may relate in particular to social and environmental considerations. The Community Benefits included in this contract are:

The delivery of Community Benefits through procurement activity is a stated aim of the Welsh Government as highlighted in the Wales's Procurement Policy Statement 2015. Community Benefits or 'social requirements' fall into 6 main categories and are designed to ensure that wider social and economic issues are taken into account when tendering contracts, these are shown below:

Retention and training for existing workforce

Supply chain initiatives

Promoting environmental benefits

Community initiatives

Contributions to education

Training and recruitment opportunities for the economically active

For the purposes of this tender, it is suggested that bidders focus on Promoting Environmental Benefits or Contributions to Education.

A community benefit proposal must be provided in Section 10.1 - Part B – Bidders response. For more information, or please click on the following link.

Please note that as this is non-core it will not be scored as part of your tender submission, but it is required for a compliant bid.

(WA Ref:140777)
