Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Fire Sprinkler Servicing & Maintenance & Periodic Testing

II.1.2) Main CPV code

- 50413200 - Repair and maintenance services of firefighting equipment

II.1.3) Type of contract

Services

II.1.4) Short description

Southampton City Council (the Authority) intends to award a contract to Harmony Fire Limited via direct award through the CHIC Fire and Building Safety Framework - Lot 2 Workstream 2 - Servicing and Maintenance.

The framework enables the Authority to engage Harmony Fire Limited directly, as they are an approved and pre-qualified supplier with national coverage. A direct award is justified due to service continuity and efficient mobilisation, given their role as the incumbent supplier for our fire sprinkler system installations. This also reflects their top overall scoring position within the framework lot/workstream.

This route to market has been reviewed and approved by the framework owner. This supplier already has a detailed knowledge of our property portfolio, including the systems and processes in place to facilitate a smooth transition of services to this new direct award call-off contract as a result of being our incumbent supplier for the installation of fire sprinkler systems. A contract that has been compliantly awarded gives us significant added value through agreed contractual terms and benefits from the economies of scale offered via the framework, along with reassurance that the awarded framework has tested the market and this supplier continues to be competitive as the top scoring supplier on the framework lot/workstream.

The proposed duration of this call of contract is 2 years +1+1 at the sole discretion of the Authority and has a proposed value across the entire potential length of the contract of approximately £1,300,000.

Accordingly, the Authority considers that public procurement law permits the award of a

contract without prior publication of a contract notice to be permissible on the grounds of regulation 99(3) of the public contracts regulations 2015.

By issuing this VEAT notice the Authority intends to commence the standstill period which will expire at midnight on 14th April 2025.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £1,300,000

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Southampton City Council (the Authority) intends to award a contract to Harmony Fire Limited via direct award through the CHIC Fire and Building Safety Framework - Lot 2 Workstream 2 - Servicing and Maintenance.

The framework enables the Authority to engage Harmony Fire Limited directly, as they are an approved and pre-qualified supplier with national coverage. A direct award is justified due to service continuity and efficient mobilisation, given their role as the incumbent supplier for

our fire sprinkler system installations. This also reflects their top overall scoring position within the framework lot/workstream.

This route to market has been reviewed and approved by the framework owner. This supplier already has a detailed knowledge of our property portfolio, including the systems and processes in place to facilitate a smooth transition of services to this new direct award call-off contract as a result of being our incumbent supplier for the installation of fire sprinkler systems. A contract that has been compliantly awarded gives us significant added value through agreed contractual terms and benefits from the economies of scale offered via the framework, along with reassurance that the awarded framework has tested the market and this supplier continues to be competitive as the top scoring supplier on the framework lot/workstream.

The proposed duration of this call of contract is 2 years +1+1 at the sole discretion of the Authority and has a proposed value across the entire potential length of the contract of approximately £1,300,000.

Accordingly, the Authority considers that public procurement law permits the award of a contract without prior publication of a contract notice to be permissible on the grounds of regulation 99(3) of the public contracts regulations 2015.

By issuing this VEAT notice the Authority intends to commence the standstill period which will expire at midnight on 14th April 2025.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract
