Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Novosorb Biodegradable Temporizing Matrix (BTM)

Reference number

C247669

II.1.2) Main CPV code

- 33141110 - Dressings

II.1.3) Type of contract

Supplies

II.1.4) Short description

Supply of Novosorb Biodegradable Temporizing Matrix (BTM) via consignment agreement from Polynovo, but delivered by distributor Movianto

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £200,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKC22 - Tyneside

Main site or place of performance

The Newcastle upon Tyne Hospitals NHSFT - Freeman Hospital

II.2.4) Description of the procurement

Supply of Novosorb Biodegradable Temporizing Matrix (BTM) via consignment agreement from Polynovo, but delivered by distributor Movianto

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

Polynovo is the only supplier of this product and this is the only synthetic dermal template available worldwide. The advantage above other dermal matrices, such as Integra, is that this product is very resistant to infection. Therefore low risk of it getting infected and needing removal. I have not lost a single piece of BTM from infection.

The clinical advantage for burns patients is earlier engagement in physiotherapy, less pain (and painkillers) and better long term scar quality. If the scars are better longterm, they need less scar therapy, less reconstruction and have better quality of life. Other teams are using this for complex wound reconstruction as an alternative to free flap surgery, which can take up to 12 hours. This takes significantly less time to apply, saving theatre time and allowing patients to be discharged earlier from hospital, with less invasive surgery.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

5 April 2024
