I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

PL0079 Electric Vehicle Charging Infrastructure Market Engagement - LEVI Fund

Reference number

DN720280

II.1.2) Main CPV code

- 45310000 - Electrical installation work

II.1.3) Type of contract

Works

II.1.4) Short description

Essex County Council have been pre-allocated £8,382,000 under the Local Electric Vehicle (LEVI) fund, which aims to increase the number of on-street low-powered charge points in residential areas, accelerating the commercialisation of EV Charging infrastructure across the county.

As part of ensuring that we deliver the maximum value for money and design the best commercial arrangement for this funding, we would be grateful if Charge Point Operators (CPOs) could respond to our Market Engagement pack. The purpose of this is to discover which providers are able to deliver on this requirement and how suppliers would maximise the delivery of Electric Vehicle Charging Infrastructure with ECC's allocated grant funding. We will then be holding follow up meetings with selected providers

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31158000 - Chargers
- 31610000 - Electrical equipment for engines and vehicles

- 34144900 - Electric vehicles
- 51110000 - Installation services of electrical equipment
- 63712600 - Vehicle refuelling services

II.2.3) Place of performance

NUTS codes

- UKH3 - Essex

II.2.4) Description of the procurement

Essex County Council have been pre-allocated £8,382,000 under the Local Electric Vehicle (LEVI) fund, which aims to increase the number of on-street low-powered charge points in residential areas, accelerating the commercialisation of EV Charging infrastructure across the county.

As part of ensuring that we deliver the maximum value for money and design the best commercial arrangement for this funding, we would be grateful if Charge Point Operators (CPOs) could respond to our Market Engagement pack. The purpose of this is to discover which providers are able to deliver on this requirement and how suppliers would maximise the delivery of Electric Vehicle Charging Infrastructure with ECC's allocated grant funding. We will then be holding follow up meetings with selected providers.
