II.2.4) Description of the procurement

The Scottish Government's (SG) DG Corporate area is focussed on transforming the services it provides and expects there to be an ongoing need to call-off from a testing contract to support the technology implementations it will carry out. The current focus is on the replacement of the Finance and HR platforms with Oracle Fusion Cloud ERP and HCM, Oracle Enterprise Performance Management (EPM) and Oracle Cloud Infrastructure (OCI).

The testing partner will initially support the testing process for the Oracle Fusion and Enterprise Performance Management (EPM) and Cloud Infrastructure (OCI) updates, which are implemented on a quarterly, monthly and ad hoc basis respectively.

There is potential for the contract to be utilised for other ad hoc pieces of work relating to testing services.

SG are looking for further information on what services are available in the market and how these can be delivered by service providers.
