II.2.4) Description of the procurement

The Community Short Breaks (CSB) Service provides a break for parents and carers, whilst their children stay, for a short amount of time, in a safe and suitable setting. Having access to this support has important benefits for both carers and their children, helping the carer continue to care for their child and providing the child with a change from daily routine and an opportunity to develop new skills and mix with their peers. The CSB Service is an offer from the Council to all children and young people (CYP) with special educational needs and/or disability (SEND) in Hertfordshire, which includes the following aims: 1. To offer more disabled CYP access to a short break service; 2. To increase the range of short break activities; and 3. To help those families who need extra support. The Council has a statutory duty to provide a full range of short break services to CYP with SEND which is sufficient to assist their carers to continue to provide care or to do so more effectively. The Council's vision is that every CYP with or without additional needs is given the opportunity to thrive in their families, in their schools and settings, and in their communities. The overall purpose of the CSB Service is to improve outcomes for CYP with SEND and to support families within the local community. Through accessing these services, CYP should have the opportunity to achieve their potential, make choices about their lives with increased independence and have fun. See section II.1.4 above, section VI.3 below and the PPME documentation provided for further details.
