NHS England is the lead commissioner for these services.

The services within scope, include core SARC provision, SARC management, the provision of medical and forensic examinations (both acute and non-recent), crisis support and onward referral services for people who have experienced sexual assault. It should be noted that non-recent cases for children aged 12 years and under are out of scope of the SARC contract and will not be undertaken at the (accredited) SARC site.

The recommissioning exercise will increase equity of access and ensure a consistent and high standard of quality care to victims of sexual assault. The Provider will ensure that services are delivered in an age-appropriate way for children and adults; all staff must meet the skills and competences commensurate with their role.

therapeutic provision including counselling and talking therapies, will be out of scope. However, the SARC provider will work closely with these services and ensure service users are referred to onward provision as appropriate.
