Description

Milton Keynes City Council are currently out to tender for the provision of Carers Support Service - Mental Health Specialist Provider.

The Carers Support Service will be delivered as a tiered model of support. The tiered approach encompasses levels of support and specialism. It has a lead provider, who provides overarching Information, Advice, and Guidance (IAG) and acts as a single point of access. It then has a number, depending on requirements, of specialist organisations who work in collaboration to meet the needs, i.e. unpaid carers of any age. The specialist organisations will cover the areas of:

- Young Carers and Young Adult Carers
- Mental Health
- Learning Disability and Neurodivergence
- Older People

The Mental Health Specialist Provider organisation forms part of the tiered approach.

The Provider of the Mental Health specialist service will deliver the following services and activities under the service specification;

- Support for carers who care for someone with a Mental Health illness (with or without a formal diagnosis), or with addiction, or with dual diagnosis.
- As Mental Health can be such a wide remit in terms of complexity and knowledge, the provider should have access to specialist information where required.
- Development of peer support networks
- Training related to the condition of the cared for
- Awareness of what else is available in Milton Keynes to support carers
- Promotion of their service
- Work to identify carers, reduce the stigma around the caring role and promote who is a carer
- Maintain a relationship with MKCC Adult Social Care
- Support when the caring role ends, including bereavement support
- Seasonal celebrations and contribute to events such as Carers Week and Carers Rights Day
