Services

II.1.4) Short description

Preston Park Primary School is an innovative environment where children are at the heart of everything they do.

Children only have one chance at their primary education and they are determined to deliver the best start. Welcoming children from the age of 2 to 11 years old, they provide a world-class education where their children are happy, achieve well, transition well into their next phase of education and lead fulfilled lives.

Children come from all over the world to be educated by our expert teachers. The School is a vibrant and inclusive community school set close to the iconic Wembley Stadium. Their devoted team drive academic achievement through the development of the whole child. They have approximately 650 children on roll, speaking 45 different languages.

Through their unique curriculum design of STEAM; Science, Technology, Engineering, The Arts, Mathematics and the Modern World - they ignite a love of learning that will last a lifetime as they prepare their children to become confident 21st Century learners ready to take full advantage of all opportunities open to them. Through their innovative approach to lesson design knowledge is made sticky; children discover connections, build on their prior learning and make exceptional progress.

Integral to their curriculum and strategic framework are six core values: resilience,

responsibility, reflection, reciprocity, respect and resourcefulness which run parallel to their vision, of which their children are at the forefront. They are experts in the teaching of early reading and deliver the Read Write Inc. phonics programme which enables children to master early skills rapidly.

The School's facilities are conducive to their development of cultural capital. They are the Science Specialist Centre for the Borough [BSP] and their children benefit from being taught science in the lab with a specialist teacher. They currently have gallery space at the National Gallery and Tate Britain as their children excel in expressing themselves creatively in the fully-fitted and fully-functional art studio with their resident artist. They have won awards for their specialist music provision and their choir regularly perform across the city. Their Sports provision is also delivered by specialists.

They are leading the way with their mathematics provision - focused on sustaining mastery - where they lead teacher research groups and masterclasses through their partnerships with the Maths Hub and the Royal Institute of Great Britain.

There are 6 catering personnel in LGPS.
