Tender

Totton & Eling Town Council, Grounds Maintenance Contract

Totton and Eling Town Council

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-013176

Procurement identifier (OCID): ocids-h6vhtk-0604b0

Published 12 February 2026, 5:19pm

Changes to notice

This notice has been edited. The [previous version](#) is still available.

10/02/26 Question: Clarification on hedge height Page 14, 2.2.13 and 2.2.17 in relation to section 2, map 6 - The hedge in this setting currently sits some height above 1.2m. We are happy for it to be maintained at its existing height.

10/02/26 Question: Clarification on additional line markings Page 17, 2.3.15 - We may request additional markings beyond the defined football season should we receive a booking request.

10/02/26 Information: It has been brought to our attention that 3rd party promoters have been engaging with bidders. Their purpose is unclear but please be advised that our tender is published and free to view on government system find a tender link: <https://www.find-tender.service.gov.uk/Notice/011166-2026?origin=Dashboard>.

10/02/26 Question: Clarification on lump sum for preparation and planting of beds Page 11, 2.1.24 - This should cover the labour for bed preparation and planting inc. materials

associated with e.g. compost. The cost of physical plant stock (flowers, shrubs, etc.) will be covered by the council. Furthermore, the council will detach, deliver, retrieve, and re-attach railing planters biannually with the bidders maintaining them in between.

11/02/26 Question: Concern over current state of fire breaks Page 16, 2.3.11, Map 40b - potentially neglected and may require more significant works initially. If so, the council will consider said initial works separately.

12/02/26 Question: Clarification on subcontracting of specialist aquatic herbicide - We are looking for relevant skills within the bidders staffing. However, we might be willing to be flexible given the specialism of the task but would not accept any additional "hidden" charge from the bidder to perform this service. This would have to be factored into any bid put forward.

12/02/26 Question: Clarification on sports pitches - Renovations, aerations, and overseeding is not included in the scope of Lot 3 but, line marking is, as is an additional line marking clause.

12/02/26 Question: Minimum public liability insurance - This is detailed on Page 5, 1.12.

12/02/26 Question: Is machinery fleet information required within the Contractor Information Form - You should evidence your ability to fulfil the contract; therefore, you could do so by providing machinery fleet information.

12/02/26 Question: Clarification on yellow markings Page 18, 2.4.11. Map 18 (7of7) - whilst faint yellow markings can be seen on Map 18 (7of7) these areas are not rough grass therefore, 2.4.11. is not applicable. The focus of this map is the hedge marked brown at Foxhills Allotment as per the map title.

12/02/26 Information: Q&A deadline date brought forward to 17.00pm, Thursday 12 February 2026 due to an unforeseen staffing issue.

12/02/26 Information: Final Tender Q&A's document published on find a tender

Scope

Description

Totton & Eling Town Council requires grounds maintenance services from external suppliers to fulfil duties such as grass cutting, shrub and hedge maintenance, planting and watering, assistance with re-wilding programmes and other duties as detailed in forthcoming documentation. Services required are spread across 5 sections (lots). Each lot has a different area of focus e.g. horticulture, grass maintenance of varying frequency, ditching work etc.

Total value (estimated)

- £526,247 excluding VAT
- £631,496 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 April 2026 to 31 March 2029
- Possible extension to 31 March 2032
- 6 years

Description of possible extension:

Should Totton & Eling Town Council be satisfied with the services provided they may seek to extend any contract by a maximum of 3 years. Any proposed extension is subject to the decision of our authority's scrutiny panel.

Award criteria

Name	Description	Type
Quality	We hope to encourage bids from suppliers who can fulfil duties as required and provide an excellent level of service at a reasonable price point. This will be determined by our authority's scrutiny panel.	Quality

Weighting description

Sections (lots) will be awarded based on the suppliers seeming ability to fulfil services required, their competitive price point and the perceived quality of services. The maximum number of lots awarded will never exceed 3 to avoid overreliance on any one service provider. Successful bids will be determined by our authority's scrutiny panel.

We have shared a Tender Evaluation Matrix document which will be populated at the point when tenders opened by our authority's scrutiny panel. Said Tender Evaluation Matrix will form the basis of how sections are awarded, with those scoring highest being shortlisted. However, as there are five (5) sections and only a maximum of three (3) can be awarded to any one bidder, our authority's scrutiny panel will determine how best to fulfil the tender in its entirety.

This will be done fairly and transparently. We will evaluate what sections shortlisted candidates are able to fulfil to what standard and will attempt to balance the worth of the sections awarded amongst shortlisted parties to ensure the tender remains worthwhile to the successful bidders.
