4D.2 of the SPD requires bidders to be members of the ECO Stars Scheme by 31st December 2023.

Bidders should note that, in some circumstances, there will not be a minimum of 10 days given to respond to mini-competitions or for availability requests due to the urgency required to arrange transport for some service users.

The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

Sub-contracting will be allowed under this Framework. If you are considering sub-contracting, you must be aware of the special requirements in the Conditions of Contract (see "Assignment & Sub-contracting" section). Tenderers who wish to sub-contract services must declare the intention to sub-contract in the separate SPD document and the separate "Sub-contractor Declaration Form".

Community benefits are included in this requirement. For more information see:

<https://www.gov.scot/policies/public-sector-procurement/community-benefits-in-procurement/>

A summary of the expected community benefits has been provided as follows:

Community Benefits are to be provided where a supplier is awarded in excess of 300,000.00 GBP in any contract year (August to July).

Economic operators should approach the contracting authority in the first instance. However, the only formal remedy is to apply to the courts:

An economic operator that suffers, or is at risk of suffering, loss or damage attributable to a breach of duty under the Public Contracts (Scotland) Regulations 2015 or the Procurement Reform (Scotland) Act 2014, may bring proceedings in the Sheriff Court or the Court of Session.
