Description of possible extension:

This is an Open Framework Agreement under section 49 of the Procurement Act 2023.

Please note that both Norfolk County Council and Suffolk County Council have approved a devolution deal which is expected to lead to the establishment of a Mayoral Combined County Authority with strategic powers, headed by an elected mayor. Subject to the government laying a Statutory Instrument and to its approval by Parliament to formally establish the new combined authority, the first Mayoral election is expected to be in May 2026.

Government has also invited participation by Norfolk in Local Government Review. This process has the potential to lead to unitary local government in Norfolk. One of these changes could happen without the other. The contract may be assigned or novated to any successor authority(ies) to Norfolk County Council or to any joint body incorporating or formed by any such successor. The County Council or a successor authority or joint body may order services on behalf of other local authorities serving any area within Norfolk's current geographical boundaries.
