### **I.4) Type of the contracting authority**

Regional or local authority

### **I.5) Main activity**

General public services

---

## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

WSCC Gas and Environmental Monitoring

#### **II.1.2) Main CPV code**

- 90531000 - Landfill management services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

Under the provisions of the Environmental Protection Act 1990, c.43, Part II, s61, the Authority has a statutory obligation to maintain and manage closed landfill sites that it is responsible for. There are currently 6 closed landfill sites for which the authority is responsible. Please see Project WSCC - 036306 for further details and questionnaire

#### **II.1.5) Estimated total value**

Value excluding VAT: £580,000

**II.1.6) Information about lots**

This contract is divided into lots: No

**II.2) Description****II.2.3) Place of performance**

NUTS codes

- UKJ2 - Surrey, East and West Sussex
- UKJ - South East (England)

Main site or place of performance

There are currently 6 closed landfill sites for which the authority is responsible. within West Sussex.

**II.2.4) Description of the procurement**

The key liabilities associated with these sites are the environmental discharges of leachate to water courses and methane to air. There is also some responsibility to ensure the facilities are safe and appropriately secure, under the Corporate Manslaughter Act 2007. Each site has a specific maintenance schedule to maintain access for the purposes of environmental monitoring and to keep the sites secure and in an orderly manner. A healthy cover of vegetation across the waste area is important to reduce surface water ingress, which in turn can impact the function of the landfill, by increasing leachate and gas production. The Council owns three sites: Baystone Farm, Faygate and Westhampnett, with the remaining sites owned by private landowners. Despite not being a landowner, the Council retains the environmental liability for these sites, but does not have control over the use of the land, e.g., for grazing.

**II.3) Estimated date of publication of contract notice**

9 May 2023

---

**Section IV. Procedure**
**IV.1) Description****IV.1.8) Information about the Government Procurement Agreement (GPA)**
