II.2.4) Description of the procurement

To date the commissioners have identified the following as some of the key attributes which will be required of the service:

- Improve the pace of delivery of children's and adults' wheelchairs.
- A focus on continuous service improvement. The Provider will proactively identify opportunities to improve the quality, speed and efficiency of the service. They will also be responsive to issues and challenges faced, addressing them with solutions.
- Demonstrate innovative and efficient stock control and procurement of wheelchairs, accessories, parts, and bespoke seating to minimise the time it takes to provide a Service User with their wheelchair.
- Implement a step change in patient choice and control, through the articulation of a clear NHS offer and eligibility criteria, the mainstreaming of Personal Wheelchair Budgets, service user recorded outcome measures, and consistent use of Service User engagement and feedback.
- Ensure that the right data is captured, in the right way and at the right time, so that the service and Commissioners can identify issues early and implement timely responses to them.
- Use of learnings from the COVID-19 pandemic to improve wheelchair services and outcomes for service users.

The Market Engagement Event will take place virtually on 01st July 2021, 3 – 4pm, using Microsoft Teams (online, using a web browser, or application).

The Event will provide:

- An overview of the service being tendered;
- An overview of the CCG's requirements and aims for the service;
- An overview of the anticipated procurement process;
- An opportunity for the market to ask questions about the service and procurement,
- An invite to provide feedback on the proposed Light Touch Regime (of the Public Contracts Regulations 2015) procurement process and proposed service requirements.
