Scope

Description

North Northamptonshire Council (NNC) would like to invite prospective providers to participate in an in-person market engagement event in preparation for a procurement opportunity for North Northamptonshire Council - Substance Misuse Services.

Following soft-market testing, market and stakeholder engagement events and ongoing service user and public engagement, North Northamptonshire Council will now host a market consultation event ahead of the formal tender launch.

This session will provide an opportunity for potential providers to review the chosen service model and service requirements. Attendees will have the chance to offer final views and comments, helping to ensure that the proposed approach is clear, achievable, and aligned with service user needs.

This event is designed to support transparency and engagement, allowing providers to seek clarification, share insights, and prepare for the forthcoming tender process.

We encourage all interested organisations to attend and contribute to this discussion.

This event seeks to engage with the Market and include details of the service as well as offering procurement support surrounding the tendering of bids.
