- 42512000 - Air-conditioning installations
- 45259000 - Repair and maintenance of plant

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

West Midlands

II.2.4) Description of the procurement

The University of Wolverhampton (including any entity which from time to time is a subsidiary of the University of Wolverhampton and any entity over which from time to time any of the entities defined in this paragraph either directly or indirectly exercises management or financial control, even though it may own less than (50%) of the shares and is prevented by law from owning a greater shareholding) wishes to enter into a contract (the “Contract”) with a Contractor (the ‘Contractor’) to provide the repair and maintenance of Air Conditioning and Cooling Systems to the University and its Entities. The University is seeking an agreement via Competitive Tenders (“Tenders”) from suitably qualified organisations (“Tenderers”) in response to this Invitation to Tender (“ITT”) for the provision of the aforementioned Services.

In order to allow this Contract to be used for potential Funded projects we are notifying all tenderers that some works might be subject to part funding by, for example, the European Structural and Investment Funds Growth Programme for England (2014-2020) or any other European Union Funded Programme, or other Funding Body.

The opportunity will also be available for use by other Public Bodies in Wolverhampton and Partner Authorities in the West Midlands Combined Authority.

The Contract is to cover the repair and maintenance of all air conditioning, cooling and refrigeration plant throughout the University Estate as described within the Specification. From time to time there may be a requirement for upgrading existing systems and equipment. All new systems must be backwards compatible.

The term of the Contract shall be for a period of three (3) years commencing on 1st October 2021 with an optional extension for up to two further 12-month periods. The maximum Contract duration is therefore five (5) years.

This requirement is not split into Lots. The need to coordinate the different contractors for the lots could risk undermining the proper execution of the contract.

The Qualification Assessment is scored on a Pass/Fail basis in accordance with the standard

qualification questions implemented by the Crown Commercial Services (CCS)/Cabinet Office and as detailed in the Scoring Methodology (Appendix 1).

The requirements here include:

- The Tenderer must have a minimum annual turnover of £1.2M
- The Tenderer must have a Credit Safe Score of ≥ 30
- The Successful Contractor must have £5m Public Liability Insurance
- The Successful Contractor must have £5m Employer's Liability Insurance
- The Tenderer must be F-Gas Registered
- The Tenderer must be Refcom Elite registered.
- The Tenderer must be an SFG20 member.
- The Tenderer must be a Mitsubishi Electric Approved installer.
- The Tenderer must hold an accredited independent third party certificate of compliance with BS OHSAS 18001 / a relevant Safety Schemes in Procurement (SSIP) certificate
- The Tenderer must be a member of the Institute of Refrigeration (or EU Equivalent body)
- The Tenderer must hold ISO 14001
- The Tenderer must hold ISO 9001
- The Tenderer must be able to arrive on site within 1 hour of receiving an emergency call-out request
- All Engineers must have minimum NVQ Level 2 (or equivalent) and 3 years post-qualification experience

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 October 2021

End date

30 September 2026

This contract is subject to renewal

Yes

Description of renewals

Contract will be re-procured in line with expiry.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

However, in order to allow this Contract to be used for potential Funded projects we are notifying all tenderers that some works might be subject to part funding by, for example, the European Structural and Investment Funds Growth Programme for England (ESIF), European Regional Development Fund. (ERDF) or any other EU Funded Programme, or other Funding Body e.g. Local Enterprise Partnerships (LEP)

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers
