II.1.1) Title

Lot 1 - Urine Drainage (Urine Meters only)

II.1.2) Main CPV code

- 33125000 - Urology, exploration devices

II.1.3) Type of contract

Supplies

II.1.4) Short description

A Contract Modification (CM) has been enacted in accordance with Regulation 72 (1)(c)(i)(ii)(iii) of the Public Contracts Regulations 2015 (as amended) (PCR2015). It is anticipated the contract modification will be a 1 month rolling period until such time as the current suppliers on the framework were able to meet the demand going forward.

We are currently managing a significant supply disruption issue on Urine Meters, mainly due to the market leader ceasing production in Belarus because of the Ukraine/Russia conflict which was further compounded by other providers subsequently withdrawing from the market.

NHS Supply Chain has 80% market share on Urine Meters with current volumes circa 35,000 units per week at peak demand. Regulation 72 - (1) Contracts and framework agreements may be modified without a new procurement procedure in accordance with this Part in any of the following cases: -

(c) where all the following conditions are fulfilled: -

(i) The need for modification has been brought about by circumstances which a diligent contracting authority could not have foreseen.

Significant supply disruption issue on Urine Meters, mainly due to the market leader ceasing production in Belarus because of the Ukraine/Russia conflict which was further compounded by other providers subsequently withdrawing from the market.

(ii) The modification does not alter the overall nature of the contract.

This CM will not result in any change to the overall nature of the current agreement.

(iii) Any increase in price does not exceed 50% of the value of the original contract or framework agreement.

The CM value is included in the full value of the Urology, Bowel and Faecal Management and does not exceed 50% value of the original contract.

II.1.5) Estimated total value

Value excluding VAT: £3,800,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 33141615 - Bags for urine
- 33192320 - Urine-bottle holders

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

A Contract Modification (CM) has been enacted in accordance with Regulation 72 (1)(c)(i)(ii)(iii) of the Public Contracts Regulations 2015 (as amended) (PCR2015).

NHS Supply Chain has 80% market share on Urine Meters with current volumes circa 35,000 units per week at peak demand. It anticipated the contract modification will be a 1 month rolling period until such time as the current suppliers on the framework were able to meet the demand going forward.

Urine Meters must: -

- Must be available in capacities from 200ml to 500ml
- Must be available with connecting tube lengths from 1100mm to 1500mm
- Must have a closed drainage bag with a capacity of 2000ml to 2500ml
- Must have a clear measurement guide on the front of the meter
- Must be able to be connected to the drainage tube of the catheter
- Must have a build-in hanger or have the ability to be connected to either a bed hanger or floor stand
- Must have a pocket or slit to hold tap

II.3) Estimated date of publication of contract notice

10 May 2023

Section IV. Procedure
