Contract Award Notice

This Framework was established in February 2021 to replace the previous Dynamic Purchasing System operated by Salisbury NHSFT.

This Framework operates at two levels - Level One, where any suitably qualified and eligible provider can submit details of all the apprenticeships they offer, and employers can then either direct award or, via Salisbury, conduct a further competition against their local needs. Level Two will be a smaller number of providers for a specific standard, appointed via a Further Competition, using a higher selection criteria published with each ITT.

Both levels of listing are open across all our eligible public and third sector organisations. Level Two listed providers can be selected either by employer direct award or a further competition amongst those listed.

Any Provider applying to the Framework must meet all the pass/fail criteria listed on the Response Document, and must only submit responses via Salisbury's Bravo procurement portal.

All Providers must agree to the Framework terms and conditions published on the Bravo

portal - amendments to those Terms will not be made for specific providers.

This Award Notice relates to being placed on the Framework only and does not constitute any spend commitment.

II.2.4) Description of the procurement

The Contracting Authority expressly reserved the right (i) not to award any contract as a result of the procurement process commenced by publication of this notice; and (ii) to make whatever changes it saw fit to the content and structure of the tendering competition; and in no circumstances will the Contracting Authority be liable for any costs incurred by the

candidates.

The awarding of a place on the Framework does not mean that there is any guarantee of subsequent contracts being awarded. Any expenditure, work or effort undertaken prior to contract award is accordingly a matter solely for the commercial judgement of potential suppliers. Any orders placed under this Framework will form a separate contract under the scope of this Framework between the supplier and the specific requesting other contracting body. The Contracting Authority and other contracting bodies utilising the Framework shall only use electronic portals during the life of the agreement.

Any values that have been provided are only an estimate. We cannot guarantee to suppliers any business through this framework agreement.
