### **Description**

This product is used as an open source tool and has the following key features:

- Real-Time Public Safety Management: It leverages OSINT for large-scale, real-time monitoring and public safety management, making it suitable for managing events and public gatherings
- All-in-One Investigation Platform: Maltego Monitor (PublicSonar) combines various investigative tools within a single interface,

streamlining workflows and enhancing efficiency

• Collaboration and Data Sharing: The platform supports collaboration among investigators, allowing for efficient data sharing and joint investigations

- Customisable Dashboards: Users can create customisable dashboards to monitor specific data points and trends relevant to their investigations
- Global Reach: While it is used globally, Maltego Monitor's capabilities are highly relevant for UK law enforcement, especially in terms of integrating OSINT with traditional investigative methods
