Scope

Reference

CPU 5226

Description

The scope of this work is welding, pipefitting, installation, commissioning and decommissioning throughout a variety of mechanical systems for the purpose of making repairs and upgrades throughout an aging plant as well as successful delivery of upgrades and planned capital projects.

The work will be on systems including but not limited to boilers, headers, pipework, pumps and valves associated with both low and high-pressure steam services as well as medium and high pressure / temperature water.

Contract locations

- UKF14 - Nottingham

Lot 1. General Welding

Description

The scope of this work is welding, pipefitting, installation, commissioning and decommissioning throughout a variety of mechanical systems for the purpose of making repairs and upgrades throughout aging plant as well as successful delivery of upgrades and planned capital projects.

It is the expectation that the appointed contractor will possess the required welding industry-specific skillset for us to draw upon for our General Welding requirements.

Lot value (estimated)

- £1,080,000 excluding VAT
- £1,296,000 including VAT

Framework lot values may be shared with other lots

Same for all lots

CPV classifications, contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Lot 2. Structural Welding

Description

The scope of this work is welding, pipefitting, installation, commissioning and decommissioning throughout a variety of mechanical systems for the purpose of making repairs and upgrades as well as successful delivery of upgrades and planned capital projects.

It is the expectation that the appointed contractor will possess the required welding industry-specific skillset for us to draw upon for our Structural Welding requirements.

Lot value (estimated)

- £720,000 excluding VAT
- £864,000 including VAT

Framework lot values may be shared with other lots

Same for all lots

CPV classifications, contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Lot 3. Pressure System Welding

Description

It is our expectation that the appointed contractor will possess the required welding industry-specific skillset for us to draw upon for our High Pressure System Welding requirements.

Lot value (estimated)

- £1,440,000 excluding VAT
- £1,728,000 including VAT

Framework lot values may be shared with other lots

Same for all lots

CPV classifications, contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Lot 4. Pressure Systems Welding Emergency Call Out

Description

It is our expectation that the appointed contractor will possess the required welding industry-specific skillset for us to draw upon for our High Pressure System Welding requirements.

This agreement is in place to call upon the contractor in an "emergency" for an "emergency response" only.

For emergencies, the Contractor shall provide service that is 24/7/365 days a year. Initial attendance will be required within 8 hours.

Lot value (estimated)

- £360,000 excluding VAT
- £432,000 including VAT

Framework lot values may be shared with other lots

Same for all lots

CPV classifications, contract locations and contract dates are shown in the Scope section, because they are the same for all lots.
