II.2.4) Description of the procurement

Lot 2 is to provide Midland Heart with Risk Assessments. The risk assessment shall be

conducted in accordance with the requirements of HSE ACoP L8, HSG 274 Part 2, HSG 282 and British Standard BS 8580-1. When assessing the risk of exposure to Legionella bacteria, consideration shall be given as to the potential for: a) Legionella to seed, survive and grow in the water system; b) aerosol generation and exposure; and c) the presence, numbers and susceptibility of people who may be exposed. The Contractor will be required to review the effectiveness of control measures and management arrangements in preventing or controlling these risks. It is the policy of Midland Heart that all water systems shall be risk assessed a minimum of every two years and when there is reason to believe that the original risk assessment may no longer be valid. Please see Schedule 1 – Lot 2 Specification for full detail.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 50

Price - Weighting: 50
