Scope

Reference

RTI Framework

Description

The Combined Authority is running this procurement process on its own behalf and on behalf of other Contracting Authorities, these include South Yorkshire Mayoral Combined Authority, York and North Yorkshire Combined Authority, City of York Council, North Yorkshire Council and Hull City Council. The Authorities are seeking to establish a single supply framework to provide real time information (RTI) technology to cover the public transport in their areas. The scope of the framework include Real-Time Display units and related services. The requirement includes and is not limited to battery powered RTI units that can be mounted to a typical bus stop pole and have a design that can be modified to suit

branding requirements. Ideally, there would be other configurations of battery powered units, such as those that could be mounted inside existing bus shelters, but also options to include solar charging for battery powered units. The successful supplier should have sufficient experience and existing range of solutions that can meet tender's specification and be able to supply on short lead times.

Commercial tool

Establishes a framework

Total value (estimated)

- £15,000,000 excluding VAT
- £18,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 August 2025 to 1 August 2029
- 4 years, 1 day

Main procurement category

Goods

Additional procurement category

Services

- 34000000 - Transport equipment and auxiliary products to transportation
- 33952000 - Transport equipment and auxiliary products to transportation

Contract locations

- UK - United Kingdom

Framework

Maximum number of suppliers

1

Maximum percentage fee charged to suppliers

0%

Further information about fees

There are no fees for using the framework

Justification for framework term over 4 years

N/A, framework term is 4 Years

Framework operation description

The prices and charges payable for Call-off Services shall be the prices and charges listed in the Pricing Schedule, which unless expressly agreed in writing by the Authority shall remain fixed for the Term, however the Purchaser may allow, after the initial 2 (Two) Year period, the Supplier to review and adjust their prices, subject to a maximum increase equivalent to the Retail Price Index (RPI) adjustment. These revised prices will then remain fixed for the subsequent 2 (Two) Years of the framework. Where price increases cannot be agreed the contract price will revert back to the fixed position. The Purchaser and the Supplier may agree charges, in respect of any or all Call-off Services, that are lower than those in the Pricing Schedule.

Award method when using the framework

Without competition

Contracting authorities that may use the framework

The Combined Authority is running this procurement process on its own behalf and on behalf of other Contracting Authorities, these include Hull City Council, North Yorkshire Council, York and North Yorkshire Combined Authority, South Yorkshire Mayoral Combined Authority (SYMCA) and/or City of York Council.
